Dear Mr. Perazio,

Verizon Wireless has agreed to relocate a proposed cell tower approximately 150' to the north of the site reviewed in project 16PR04540. A tower relocation sketch accompanies this letter as a second document.

The new location is within the APE of project 06PR01750. Because the new location falls within the 2006 APE, we don't believe the results of the 16PR04540 review will change.

If you have any questions, please don't hesitate to contact me.

Sincerely,

David W. Sprout
