Dear Dave,

Regarding the new apartment complex project at 902 Dryden Road, I am aware of the layout of the driveways and locations of the fire hydrants on the south side of Dryden Road and on Forest Home Drive. Although in the event of a major structure fire, Dryden Road might have to be shut down to use the hydrants, I am willing to accept the plan as it has been modified for primary access for emergency equipment from Forest Home Drive.

Regards,

Roy Rizzo, Chief
