Re: 2017 Contract for County Youth Service Funds

The enclosed contract and information pertains to 2017 County Youth Service and State Aid funding.

The Town of Dryden swaps their state aid funds for an equal amount of county dollars. This is done to alleviate the amount of paperwork and to expedite the payment process.

2017 Eligibility

County Youth Service Funds, base funding:	\$31,337
OTR 2% COLA approved:	\$ 627
State aid funds:	<u>\$ 3,207</u>
Total County Funds:	\$35,171

If you agree and understand the information provided as accurate, please sign and return the contract **as soon as possible** to **Tompkins County Youth Services Department, 320 W. State/MLK Jr. Street, Ithaca, NY 14850.**

Once we have received a signed contract, information on how to request 2017 funds will be forwarded to the appropriate person(s).

As in the past, there are several requirements your municipality must comply with in order to receive County funds.

- You must have an identified group whose responsibility it is to assess your municipality's high priority youth needs.
- Each program funded must submit a year end report. Annual report forms will be sent directly to the **Dryden Recreation and Youth Commission Chair.**
- A minimum of 50% matching funds are required for all funding categories, municipalities may match these funds with a variety of resources.

In addition, please be sure to notice any vacancies your municipality may have on the County Youth Services Board and/or your local Commission. A full roster allows for better planning and helps to assure duties are completed.

If you have any questions please contact Kris or Theresa at 274-5310.

We appreciate your efforts to continue your support, dedication and commitment to youth services in your community.

Creating healthy youth and vital communities . . . Since 1977.
