

Colleagues,

Good news, Bob has forwarded a list of nominees for RT2F for us to consider. They followed the process we laid out in terms of selection. Which included, using initial membership provided by four standing committees to vet additional at-large members.

The only change they requested is that we appoint eleven voting members -- no alternates. The idea being that alternates have an implied "second class" status, and they don't anticipate many actual votes. They want a big committee.

I recommend that we pass this group as a slate tomorrow night.

**Subject:** Candidates for Rail-Trail Task Force

Hi Dan,

John Kiefer, David Bravo-Cullen, Evan Carpenter and I have discussed potential community candidates for the Rail-Trail Task Force and we have unanimously agreed to recommend to the Town Board the seven as listed below.

Further, the four of us recommend that all eleven members be equally voting members, rather than some serving as alternates.

We are hopeful that the Town Board will approve and appoint these candidates at your meeting this Thursday evening.

Bob
