

Whereas it would be beneficial for the health and well-being of a sizeable portion of our citizens to have fitness stations installed along the Jim Schug trail, and

Whereas, Mr. Kyle Hollenbeck is willing to install these stations at approved locations along the trail at no cost to the Town of Dryden and is willing to fund-raise himself for private sponsorship to cover the cost of installation, and

Whereas, these stations can be installed with minimal impact to the local environment, and

Whereas, Mr. Hollenbeck has received assurances from the Dryden Department of Public Works that DPW is willing to provide the minimal maintenance the equipment will need and is willing to work around the equipment as it maintains the trail,

Be it Resolved, that the Dryden Conservation Board recommends to the Dryden Town Board that it allow Mr. Hollenbeck to install a predetermined number of fitness stations along the Jim Schug trail.
