Part 2 - Impact Assessment***

Part 2 is to be completed by the Lead Agency.

Answer all of the following questions in Part 2 using the information contained in Part 1 and other materials submitted by the project sponsor or otherwise available to the reviewer. When answering the questions the reviewer should be guided by the concept “Have my responses been reasonable considering the scale and context of the proposed action?”

	No, or small impact may occur	Moderate to large impact may occur
1. Will the proposed action create a material conflict with an adopted land use plan or zoning regulations?		
2. Will the proposed action result in a change in the use or intensity of use of land?		
3. Will the proposed action impair the character or quality of the existing community?		
4. Will the proposed action have an impact on the environmental characteristics that caused the establishment of a Critical Environmental Area (CEA)?		
5. Will the proposed action result in an adverse change in the existing level of traffic or affect existing infrastructure for mass transit, biking or walkway?		
6. Will the proposed action cause an increase in the use of energy and it fails to incorporate reasonably available energy conservation or renewable energy opportunities?		
7. Will the proposed action impact existing:		
a. public / private water supplies?		
b. public / private wastewater treatment utilities?		
8. Will the proposed action impair the character or quality of important historic, archaeological, architectural or aesthetic resources?		
9. Will the proposed action result in an adverse change to natural resources (e.g., wetlands, waterbodies, groundwater, air quality, flora and fauna)?		
10. Will the proposed action result in an increase in the potential for erosion, flooding or drainage problems?		
11. Will the proposed action create a hazard to environmental resources or human health?

Short Environmental Assessment Form Part 3 Determination of Significance

For every question in Part 2 that was answered “moderate to large impact may occur”, or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

RESOLUTION #__ (2017) – NEG SEQR DEC – Acceptance of conservation easement on portion of Tax Parcel 66.-1-12.1

Cl ____ offered the following resolution and asked for its adoption:

WHEREAS,

A. The proposed action involves accepting a conservation easement on an 11.4 acre portion of Tax Parcel 66.-1-12.1 located near 1624 Ellis Hollow Road, and

B. The Town Board of the Town of Dryden considers this an unlisted action pursuant to the New York State Environmental Quality Review Act (“SEQRA”) and is the lead agency for the purposes of uncoordinated environmental review in connection with acceptance of this conservation easement by the Town, and

C. The Town Board of the Town of Dryden, in performing the lead agency function for its independent and uncoordinated environmental review in accordance with Article 8 of SEQRA, (i) thoroughly reviewed the Environmental Assessment Form (“EAF”), Part I, and any and all other documents prepared and submitted with respect to this proposed action and its environmental review, (ii) thoroughly analyzed the potential relevant areas of environmental concern to determine if the proposed action may have a significant adverse impact on the environment, including the criteria identified in 6 NYCRR §617.7(c), and (iii) completed the EAF, Part 2;

NOW, THEREFORE, BE IT RESOLVED AS FOLLOWS:

1. The Town Board of the Town of Dryden, based upon (i) its thorough review of the EAF, Part I, and 2, and any and all other documents prepared and submitted with respect to this proposed action and future construction activities, and its environmental review, (ii) its thorough review of the potential relevant areas of environmental concern to determine if the proposed action may have a significant adverse impact on the environment, including the criteria identified in 6 NYCRR §617.7(c), and (iii) its completion of the EAF, Part 3, including the reasons noted thereon (which reasons are incorporated herein as if set forth at length), hereby makes a negative determination of environmental significance (“Negative Declaration”) in accordance with SEQR for the above referenced proposed action, and determines that an Environmental Impact Statement will not be required, and

2. The Responsible Officer of the Town Board of the Town of Dryden is hereby authorized and directed to complete and sign as required the determination of significance, confirming the foregoing Negative Declaration, which fully completed and signed EAF and determination of significance shall be incorporated by reference in this Resolution.
