Subject: Special Use permit for Susan Rausch

Hi Joy

As my husband and I will be out of town May 17th we will not be able to attend the hearing concerning Susan Rausch's special use permit. As Susan's closest neighbors, we wish to express our support for Susan's endeavors both now and going forward. Our only suggestion would be to locate said cabins and lodge in such a manner that they will not be immediately noticeable to day use people, or infringe on the peaceful enjoyment of the natural beauty of Hammond Hill. Knowing Susan, we are pretty sure this is also her intention, but wanted to express this desire ourselves.

Thank you for adding this to the discussion in our absence.

best regards,

Ann and Charlie Leonard
