

Jason Leifer & Board Members

We are in need of having to replace our SCBA and would like to ask the town to release the 20,000 that was held from years past to help with the cost of this replacement. Please find attached a quote for the replacement of our SCBA for the Etna Volunteer Fire Department. As you can see the cost to replace is 95,515.92 you will see on the quote the quantity of 36 bottle this is because NFPA requires you to have 2 bottles for each SCBA..

Even though the budget that the town gave us was cut. The department still had to put money away for the future truck purchases. The Department is only asking for the money that we was told the town had and it was earmarked for Etna many years ago. So this should not change any budgeting.

Please advise the Department if the Town is going to release these fund so we can move forward on the funds to purchase the much needed SCBA

Questions you can call President Tom Lobdell @ 607-329-0010

Vise President: Michele Robinson @ 607-220-3367

Thanks

Etna Volunteer Fire Dept.
