1. The Town Board approves the sketch plan documents, submitted with the application dated March 16, 2020 as site plan for 1847 Hanshaw Road, conditioned on the following prior to issuance of a Certificate of Occupancy:
  - a. Exterior lighting will be night-sky compliant.
  - b. Building finish will be neutral colors.
  - c. Outside storage will be limited.
2. The Town Board hereby finds that the considerations for approval of the requested Special Use Permit listed in Section 1202 of the Town of Dryden Zoning Law have been met, specifically that:

- a. The proposed use is compatible with the other permitted uses in the Rural Residential district and compatible with the purpose of this district as Contractor Yards are a permitted use in this zone and this parcel is located near the Hanshaw Road/ Route 13 intersection near other commercial businesses;
  - b. The proposed use is compatible with adjoining properties and with the natural and manmade environment, as this proposal is for a single building located 350 feet from the road and screened by existing trees and there are other large buildings much more visible along this stretch of Hanshaw Road;
  - c. Parking, vehicular circulation, and infrastructure for the proposed use is adequate. There are eight parking spaces provided and emergency vehicles have access from the roadway;
  - d. The overall impact on the site and its surroundings considering the environmental, social and economic impacts of traffic, noise, dust, odors, release of harmful substances, solid waste disposal, glare, or any other nuisances has been considered and found to be negligible, based on the low volume of traffic associated with this business and that it will not generate noise, dust, odors or release harmful substances;
  - e. Restrictions and/or conditions on design of structures or operation of the use necessary to ensure compatibility with the surrounding uses or to protect the natural or scenic resources of the Town have been incorporated into the site plan;
  - f. The project complies with the requirements for site plan review and conforms to the Town's Commercial Design Guidelines to the maximum extent practicable in that: the site is screened from residential uses by the existing landscape.
3. The Town Board, finding that the applicant is in compliance with all other provisions of the Town Zoning Law and other applicable ordinances, approves a Special Use Permit for the contractor yard at 1847 Hanshaw Road with the Town of Dryden Standard Conditions of Approval as amended August 14, 2008.
