Subject: NYSEG Electric Availability

To: Monica Davis, Project Manager, Devita
John Shields, Hunt Engineering

From: Lisa Foster, Customer Service, NYSEG

Subject: Availability of Electric Capacity ,Village at Varna, 366 Dryden Rd, Ithaca, NY

Service Notification: 10300490115

Date: September 10, 2019

NYSEG received a request for electric at the location referenced above. A High Level Engineering analysis of the substation serving the area, demonstrates that NYSEG has thermal capacity to serve the above address subject to the following:

- Based on the latest diversified load estimate of 1.3 MVA, provided by the customer on 02/13/2019, and per unit square footage provided on 07/31/2019.
- NYSEG's ability to serve this load may be impacted by the addition of other new electric loads.

This letter does not address any costs that the customer may be obligated to pay to receive electric and is intended to address electric *substation capacity only*. As your project progresses, NYSEG urges you to remain in contact with us regarding project schedule, our ability to serve, and any modifications to the proposed load. In future correspondence, please include the Service Notification number noted above.

Extension and installation of electric facilities are pursuant to NYSEG's tariff (Public Service Commission 119).

Please contact me at 585-484-3199 with any questions.

Sincerely,

Lisa Foster
