

TOWN OF DRYDEN HIGHWAY (UTILITY) WORK APPLICATION/PERMIT NO. _____

WHEREAS, a certain highway known as _____ has been improved and is on the Town of Dryden road system.

WHEREAS, (applicant) _____

Whose current mailing address is: _____

Location of work: _____

Requests permission to _____

As per sketch or map attached. Permit will be denied without sketch or map.

NOW, THEREFORE, permission is hereby granted to said _____ to do said work with the following conditions and/ or restrictions:

This permit shall not be assigned or transferred without the written consent of the Town of Dryden Highway Superintendent. The work authorized by this permit shall be performed under the supervision and to the satisfaction of the Highway Superintendent or his representative. Particular attention is called to the necessity of thoroughly compacting the back fill, which is required by the Highway Superintendent.

The Highway Superintendent shall be given one week's notice by said applicant or of the date when they intend to begin the work authorized by this permit and prompt notice shall be given of the work's completion.

The applicant hereby agrees to hold the Town harmless on account of damages of any kind which may arise during the progress of the work authorized by this permit or by reason thereof.

Applicant certifies all persons concerned with actual work under this permit are duly covered by Worker's Compensation Insurance and the Town shall be held harmless on account thereof.

The Highway Superintendent reserves the right to, at any time, revoke or annul this permit, should the applicant fail to comply with the terms and conditions which are granted by this permit.

The applicant agrees to pay all necessary expenses incident to supervision and inspection by reason of the granting of such permit as certified by the Highway Superintendent. Such payment to be made within ten (10) days from the rendering of the certified account.

Applicant shall submit a detailed plan with a description of the proposed construction.

The applicant shall erect and maintain suitable guard rails or barricades around all trenches while work is in progress for the protection of the public, and they shall be suitably lighted by amber lights at night.

The work shall be carried on in such a manner that not more than one hundred (100) feet of trench in earth remains open at the end of the day's work. Traffic will be maintained by the applicant of the section of the highway while the work is in progress until its completion.

It is understood that should future changes in the highway construction or use make necessary changes in the proposed work covered by this application and permit, the applicant shall, on reasonable notice from the Highway Superintendent, make necessary changes at his or her own expense within the same time as specified in the notice.

SPECIAL CONDITIONS

This permit does not allow entry onto private property. The permittee is cautioned to first ascertain the limits of the Town's highway by use. Permission must be obtained from property owners to work beyond the limits of the highway by use.

In consideration of granting this permit the undersigned accepts it subject to the conditions described.
