

Resolution # ____ (2022) Approve No Cost Time Extension for Freese Rd, Bridge NY Program (PIN 3756-41-121)

Whereas, the Town of Dryden was awarded funding to replace the Freese Rd Bridge through the Bridge NY Program in 2017.

Whereas, due to the historical components of the bridge, the Section 106 process is taking longer to get through than a standard bridge project.

Whereas, the Town is requesting an extension for the project until 12/31/2024.

Therefore, be it resolved that the Board gives the Supervisor permission to sign the No Cost Time Extension for the Freese Rd Bridge to be submitted to NYS Department of Transportation.
