Subject: Comment on public hearing for 1892 Slaterville Rd

Dear Dryden Town Clerk,

I am writing to weigh in on the discussion surrounding the collapsed building on the property adjacent to mine.

The current owner of 1892 has been a good neighbor. They and their family are friendly. They assist us with keeping the drain between our properties clean so that the roadway doesn't flood during thunderstorms. Their chickens occasionally come to our property and eat the ticks from our yard. They are happy to share the eggs from those chickens, also.

The whole family, despite having to live several doors down from their property, seems happy and healthy, and hard working. I know they have chickens and ducks, and I believe that they also keep a garden to feed themselves.

d.m. rotach
1880 Slaterville Rd.

(I have copied my work email on this discussion, in case you need to contact me tomorrow. I hope to be at the meeting tomorrow night, but I am sending this in case something gets in the way. – dani)
