3. Committee recommendations for the consultant's study of Zoning regulations. (See attachment)
4. Update re CCE funding (Chuck)
5. NYS funding opportunities and Pro-Housing (Ray; Martha)

PRO-HOUSING COMMUNITIES The final budget includes a measure that will require towns or cities to become certified as “pro-housing communities” in order to be eligible for \$650 million in state grants. There are a few ways to obtain that certification: For example, they could boost their housing stock by a set percentage or **pass a resolution declaring their pro-housing intentions.**

From Anna Kelles Newsletter:

\$150 million to create the **New York Housing for the Future Program**, a new statewide program to provide affordable homeownership and rental opportunities for low and middle income families, and allows the program to utilize state- or **municipal-owned sites to develop housing**

Martha's suggestion: pass a Pro-Housing Town resolution
